OFFICE OF LEGISLATIVE COUNSEL

Thursday - 25 October 1962

1. (Unclassified - LRH) Mr. Gehrig, of Senator Stuart Symington's office, called to say that Mr. Ed O'Brien of the St. Louis Post Dispatch, had approached them saying he thought he might do an article giving CIA some credit in connection with the recent events inasmuch as it had gotten so much hell in the past year. O'Brien had asked Mr. Gehrig if there were any thoughts he could give out in this regard. I told Mr. Gehrig I thought this could best be handled by putting Colonel Grogan directly in touch with O'Brien, and Gehrig said he thought this was a very good idea. He was to call O'Brien, and I called Colonel Grogan who said he would call O'Brien right away.

2. (Internal Use Only - JGO) Advised Herb Blitz, in the office of Senator Jacob K. Javits, that marketing training activities are within the responsibilities of AID and that he had indicated to Mr. Leet, no real purpose would be served by meeting with this Agency. Mr. Blitz said he could handle the matter with no difficulty on this basis. See Journal of 24 October 1962.

3. (Internal Use Only - GLC) Made arrangements for direct contact between Mr. Jacques, in the office of Senator Bennett, and [redacted] of Procurement Division, for Messrs. Linbladd and Kearns to meet with [redacted] (See Journal of 24 Oct 62.) A brochure on the survival kit was provided by Mr. Jacques and forwarded to [redacted]
